From: Veronica Urbano-Baeza, Internal Auditor 

Date: December 8, 2017

Subject: Friday Packet: Compiled Weekly Check Register Report with City Manager
Authorizations for Week Ending December 1, 2017

Enclosed is the Compiled Weekly Check Register report with the specifications noted below for the week ending December 1, 2017 with City Manager authorizations, if applicable, as requested by City Council on July 24, 2017. The enclosed report consists of source data extracted from the I-Series System through a query developed by our IT Department. Specifically, the report reflects checks, electronic funds transfers (EFT) and wire transfers issued within the time period specified and with a dollar range specified of \$7,001 to \$49,999 with corresponding City Manager authorizations. It is important to note that the City Manager authorizations reflected on the report come from the requisitions and subsequent purchase orders issued, and in some instances a City Manager authorization is not reflected because of the dollar amount of the requisition submitted and purchase order issued as per the requirements of the City's Accounting Procedures Manual – Purchasing Policy.

The enclosed report is being submitted for your review, and it will subsequently be posted on the City's webpage, as requested by City Council. It is important to note that the enclosed report is a compilation of data and not a comprehensive compliance audit, which would require a more extensive amount of time for completion depending on the number of checks, EFTs and wire transfers issued in any given week.

We would like to thank the IT Department and Financial Services Department staff for providing us with assistance on this request. If you should have any questions regarding this report, please feel free to contact me at the Internal Audit offices at (956) 790-1808. Thank you.
