VII. MOTIONS

2. Discussion with possible action on the acceptance of the Master Plan/Programming Plan of the Laredo Ballpark as presented by Consultant HKS Sports & Entertainment, Dallas, Texas, and possible setting of a budget for the proposed project.

Mr. Jerry Faucet reported that they had been working with city staff for the past several months on the documents being presented today. He went on to give a short presentation explaining the building program for a ballpark with a 7,000 seat capacity. He went on to explain that of that, 4500 seats would be fixed seats and 1500 would be grass burn seating. He added that the program included state-of-the-art facilities for both home and visiting teams such as clubhouses, batting cages, dugouts, bullpens and all amenities that come with a first-class minor league ballpark. He continued by explaining that the ratios developed by points of sale for food service were based off of standards developed for minor league ballparks and that public toilet facilities would meet or exceed what building code currently requires. He advised that suites on the second level of the ballpark would have their own restrooms and private restrooms for those who would be club members. He noted that the facilities would be ADA compliant. He concluded that there would be four windows for ticket sales at the main
entry to the ballpark. He presented binders with the Master Plan/Programming Plan to Mayor Salinas and City Council.

This presentation can be viewed at the City Secretary’s Office, 1110 Houston St., Laredo, TX 78040.

Jesus Olivares, Assistant City Manager, reported that the Council had before them a baseball stadium document summary that would give them an executive summary of the three items they were about to discuss. He added that on the last page they would find what the city would be obtaining on the total package as far as guarantees from the professional baseball team during the lease period and how much money the city would be bringing in on a yearly and monthly basis. He went on to say that it contained the profit sharing included on the net income ranging from zero to $800,000. He continued saying that they had negotiated amounts to stay with the city of $0.50 per ticket that would be sold above $8, 25% of the parking revenue, and 10% of the naming rights after expenses. He said that they had included 250 complimentary tickets per baseball game and use of the facility for 22 days out of the year, a city suite, ten premium tickets to each game, 10% of the assignment of operations and lease agreement and franchise after cost, contribution of $25,000 by the city entity for a maintenance repair fund, and the complete management and operation of the facility, program event scheduling, all taken care of by the Laredo baseball investors, LCC at no additional cost to the city.

VIII. GENERAL COUNCIL DISCUSSIONS AND PRESENTATIONS

A. Request by Council Member Gene Belmares
a. Discussion with possible action on acquiring additional property along the east corridor of Loop 20 for additional sports venue projects.

Cm. Belmares reported that he saw a rendering that could potentially open the door to have a sports venue for amateur sports, for example a multisports complex for tournaments. He continued saying that the big question was whether or not they could access the sports venue tax for that complex which would include Little League fields, adult softball, tennis, and a soccer field. He said he would like for staff to research those two items: first, the funding mechanism, and second, the acquisition of the additional property on the east corridor at Loop 20. He advised that there were properties all the way from the airport to north of the arena that were currently available so that they could make an acquisition. He asked that within the confines of the sports venue tax, how far from the arena could they use the funds.

Cm. Valdez stated that he liked the idea but his only concern was looking at the 4A/4B tax so that they could eventually get away from using sports venue tax. He felt that they should distance themselves from that tax because the city would benefit more from the 4A/4B tax.

Motion to look into the legality of the tax issue.

IX. DISCUSSION AND POSSIBLE ACTION REGARDING THE PROPOSED FISCAL YEAR 2010-2011 ANNUAL BUDGET:

Mayor Salinas stated that during this budget workshop, the budgets of each of the Departments of the City of Laredo, as hereinafter listed, will be discussed; however, there may be occasion when the order of discussion may be changed by the City Council. Under review will be the number of employees in each Department, their classifications, positions, salaries and benefits of employment, such as health and life insurance, retirement benefits, licensing and continuing education; also, there will be discussed the matter of supplies and materials, land acquisitions, contracted services, equipment, capital improvements, and other charges and matters necessary to the functioning of each department in the accomplishment of its goals and objectives.

6. Approval of the 2010 Certified Appraisal Roll from the Webb County Appraisal District for the development of the City’s tax roll; acceptance of the Effective and Rollback Tax Rate calculations for Tax Year 2010; and acceptance of the tax rate of $.637000/$100 used in calculating property tax revenues for the 2010-2011 Proposed Budget. (This will be the seventh year that the City adopts the same tax rate. Imposition of a tax rate which exceeds the effective rate of $0.641605 or rollback rate of $0.682489 will require additional public hearings and publications.)

A. Introduction of the budget by City Manager, Carlos Villarreal.

City Manager Carlos Villarreal reported that the consolidated budget was for $439,835,999. He continued saying that the general fund was $139,138,334 and that the salaries for police and fire made up 63% of total expenditures to the sum of $88,218,282. He added that the expenditures for police and fire were about $100 million annually. He advised that 76% of the $139,138,334 was for personnel. He explained that the general fund included additional expenditures for the police contract of $1,459,776. He added that they had additional expenses of $110,872 for unemployment benefits, a 10% increase for health insurance, a TMRS increase of 1.67%, $996,000 increase for electricity. He advised that when they started the process, they were at -$16 million. He explained that revenues had been less and expenditures higher and so they had looked at sales tax, worker’s comp reimbursement, capital improvement fund, and other categories. He went on to say that instead of using budgeted figures from last year, they went to the actual amounts spent. He stated that they were presenting a budget that would include a discussion of a possible wage increase of 2% to all employees. He explained that they would need $600,000 to make that increase possible. He concluded that what they had before them was a balanced budget.

B. PROPOSED CONSOLIDATED AND GENERAL FUND BUDGET HIGHLIGHTS

Martin Aleman, Budget Manager

Martin Aleman, Budget Manager, reported that the consolidated operating revenues stand at $437,217,553 with the top 5 funds making up 67.7% which was general fund at $137 million. He explained that debt service was $52.3 million, bridge at $44.4 million, water at $34.2 million and sewer at $27.7 million. He continued saying that consolidated operating expenditures were $439,835,999. He concluded that general fund total revenues were budgeted at $137,775,379 with taxes at 58.5%, charges for services at 23.5%, other financing sources at 4.9%, franchise fees at 4.8%, licenses and permits at 4.3% and fines and forfeits at 2.3%. He showed a presentation to Mayor and Council.
C. BRIDGE

Mario Maldonado, Bridge Manager, pointed out the 2009-2010 budget highlights.
FY 2009-2010
Increase of $2.1 million in revenues, 5.2%
$2.6 million transfer to CIF
Operational expenses under budget by $323,000

FY 2010-2011
Increase in revenues by $853,000 or 2%
$2.5 million transfer to CIF
No rate increase proposed

D. CONVENTION & VISITORS BUREAU
Blasita Lopez, Convention & Visitors Bureau Director

Blasita Lopez, Convention and Visitors Bureau Director, reported that the Laredo Convention and Visitors Bureau had done very well during the last month with various activities such as the pony league and expected to see some good numbers during the last few months of the fiscal year. She noted that they would be conservative with their projections. She gave a presentation before Mayor and City Council.

HOT FUNDS
Projection was at $2.5 M- we are almost there!
Same conservative projection for FY 2011
LCVB Dept. Impact
Department budget last year $1.8 M; same this year
Minimal increase
Internal practices for staff include soliciting sponsorships for sellable events
Leveraging resources with more partners
The sun is on the horizon for expanding Laredo’s nature tourism efforts; this year Laredo was the hometown for the ICF pro tour of nature photography Borderlands of Laredo Competition and this has helped us build relationships that will be invaluable for the future. Plus our name will be on a fabulous coffee table book set to be unveiled this October. This book and our association with the events immortalizes our destination as a nature tourism savvy spot and gives us these wonderful images to market our area with- it’s been a great investment of our resources. One of the lasting benefits is the connection to area private landowners; much like they are open for hunting season, we want them to be open for bird watching and nature photography tours seasonally.
Hometown of the Images for Conservation 2010 Pro Tour of Nature Photography
Borderlands of Laredo Competition
- $180,000 in prize money was awarded on July 10

Laredo CVB receives requests that range from hotel rates to welcome bags for conferences; this is some of the data to date on this activity. We have seen an increase in religious group activity with the Christian Congregation of Jehovah’s witness that held 3 different gatherings this year culminating in June with thousands of attendees at the LEA in early June- this was year 1 of a 5 year contract. Pony League has put forth a tremendous effort to attract team tournament play that has also positively impacted hotel business. Casa Laredo and LCVB have built a lasting relationship with a tour operator from Guadalajara that offers a tour package for students that study international commerce and business. This year we had 3 different university groups come in and they had an incredible economic impact overall. Staff estimates students/faculty spent close to $1,500 US dollars while shopping, not including the hotel and food costs, with about 80 people through these tours that were handled by Casa Laredo.

Since October 2009:
- 37 Groups serviced
- 8,000 room nights booked

Cm. Garcia stated that the Laredo Development Foundation needed to come back
to Council with a plan that would include 25% of taxes put away just for them.
He said that they needed more money but not from the general fund. He also felt
that the $37,500 for Laredo Main Street was not enough and that $13,500 should
be put into Laredo Main Street to make it whole.

Motion to cut funding by 25% for the Laredo Development Foundation and put
the monies back into the general fund to go toward a raise for city employees
except to put $13,500 toward Laredo Main Street.

Mayor Salinas

Cm. Liendo Espinoza was not present.

City Manager Carlos Villarreal said that the instructions that they gave the Third
Party Funding Committee included a 25% cut. He went on to explain that the
Council established a priority to look at organizations that directly help
individuals by direct services to the public. He wished to know if they wanted to
set a date so that they could meet to consider the information as part of the budget
or if it would simply be part of another meeting.

Council wished to bring the Third Party Funding item back at the Monday,
August 16th regular City Council meeting by amending the agenda that had
already been posted, eliminating recognitions, and starting the meeting at 5pm.

Cm. Valdez mentioned that he would like to revisit the C.I.P. issue at that
meeting.
