A. TABLED ITEM FROM OCTOBER 20, 1986.
On the request of Mr. Roberto Ramirez to rezone the S 1/2 of Lot 12, Block 1942 ED, from R-3 (Mixed Residential) to B-3 (General Business). This lot is located at 3102 Corpus Christi. The owner opened a business (welding shop and key shop) a few months ago without checking to insure it was the correct zone for this type of use. There were three written protests to the proposed zone change. The lot does not meet the minimum 6,000 square foot size for a B-3 zone and there is no apparent room for off-street parking at this location. A key shop is permitted "home occupation" use in an R-3 zone. The Planning and Zoning Commission at their meeting of 10/2/86 unanimously recommended denial of the change to B-3, but recommended approval of B-1 zoning.

AMENDING THE ZONING MAP OF THE CITY ZONING ORDINANCE OF THE CITY OF LAREDO BY CHANGING FROM R-3 (MIXED RESIDENTIAL DISTRICT) TO B-1 (LIMITED BUSINESS DISTRICT) THE FOLLOWING DESCRIBED PROPERTY LOCATION: SOUTH 1/2 OF LOT 12, BLOCK 1942 ED.

Mr. Ron Whitehawk explained the proposed zone change. Mr. Joaquin Ramirez, Jr., adjacent property owner spoke against the change. Mr. Carlos Mejia, representing Mr. Roberto Ramirez, spoke in favor of the proposed change.

Motion to concur with Planning & Zoning Commission re-commendation for denial of the change to B-3, and approve a B-1 change: Juarez

(1797.2)P. Status of budget and departmental review process.

City Manager Marvin Townsend presented the following budget report.

"As a conditon of adopting the 1986-87 Budget, the City Council made certain specific changes and also instructed that all expenditure codes in the General Fund except salaries be reduced 2% and then 7% or a total of 9%. The Council also indicated that salary balances as a result of positions being vacant on a planned basis or "freeze" could be used to offset some of the 9% or $640,000 needed."

"The 1986-87 Budget is being printed with the 9% impact being shown as a negative reserve. As amounts are transferred from operating budgets in the General Fund to the Reserve Appropriation, the reserve will grow until it is at the $475,000 level contemplated when the budget was adopted. This level will be accomplished by the end of the first quarter of operations or by January 1, 1987."

"It is my understanding that it is the goal of the City Council to end 1986-87 with a General Fund balance of $2,200,000, composed fo $1,000,000 of minimum balance, $700,000 which would have been developed over 12 months from salary balanes due to vacancies and unexpended appropriations and $500,000 of further expenditure reductions."

"If the above statements and goals reflect a correct understanding of the City Council's position, the 1986-87 Budget will be so administered and I will report at the end of each quarter as to the status of the Reserve Appropriation, the level of expenditures compared to the Budget, and the level of revenues compared to estiamtes. Necessary steps will be taken to assure a closing balance at the end of each quarter to produce a year end closing balance of $2,200,000."

"Composed of $1,000,000 of minimum closing balance and $1,200,000 which would be available to support the 1987-88 Budget."
